

You are invited you to Arab Council Australia's

Annual General Meeting

AN EVENING FOR THE ARAB COMMUNITY, FRIENDS AND SUPPORTERS

In grief, compassion & perseverance

The war on Gaza and the escalating violence in the West Bank have resulted in the killing of thousands of civilians including children, mass destruction and the displacement of over a million people. These events have greatly impacted the Palestinian, Arab and wider community in Australia. There is a great deal of distress and trauma as we witness the violence and the colossal loss of life and many in the community anxiously wait for news on loved ones.

Following the official part of the AGM, the evening will continue as a space for the community, friends and supporters to come together in grief, compassion and perseverance.

Please feel free to bring your message of support, wear your keffiyeh, don your traditional costume, or just join as you are.
